Hello! My name is Isti and I am interested in IT and everything in its orbit. In the last years I got fascinated by web programming, e.g. developing apps and building websites. I like to code and develop my skills every day, I enjoy working both individually or as a team. My goal is to become better and better every day and be a reliable Front-End Web-Developer, because I enjoy seeing immediate results of my work. At the moment I'm a rookie in front end development, but I am eager to learn more and gain experience in the industry. I'm looking forward in expanding my knowledge and perfect my skills.

EXPERIENCE

Global Topo SRL
October 2019 - December 2020

Land Surveyor

Followed local, regional and national guidelines for land surveying.

Performed field calculations to complete assessments.

Measured and marked property lines and key topographic features.

Completed complex technical surveys for development of roadway, intersection and bridge construction plans.

Read and used topographical data to complete analysis of land plots and roadways.

Set up precise measurement and control equipment, including GPS and Total-stations

- Notepad++
- Gitlab

Operating systems:
- Windows

Soft skills:
- Fast learner
- Friendly
- Cooperative
- Curious
- Team-player
- Punctual
- Creative
- Patient
- Perseverent

EDUCATION

Informal School of IT

January 2021 - June 2021

Front-End Web Developer

I have attended 5 month course at the informal School of IT and I've learned Web development concepts such as HTML5, CSS3, JavaScript (ECMAScript6 OOP concepts,variables, primitive types, AJAX, API, functions, hoisting, DOM) and ReactJS. I've acquired knowledge in how to build a responsive, functional website. We had weekly projects which where meant to improve our knowledge and practice. We also learned about Github basic principles and commands.

We had a final project, where we had to make our single-page-app online CV. The project can be found on my GitHub page and also there is a link in the contact section for it.

Technical University of Cluj-Napoca

October 2015 - July 2019

Bachelor in Science

Faculty of Civil Engineering

Silvania National College

September 2011 - June 2015

High School Diploma

LANGUAGES

English (Limited working proficiency), **Hungarian** (Professional working proficiency), **Romanian** (Professional working proficiency)
